

EFFORTS IN BEHALF OF PACIFIC SLOPE.

(BY THE ASSOCIATED PRESS-P.M.)

SAN FRANCISCO, Nov. 29.—Freight Traffic Manager Sproule of the Southern Pacific, in speaking of the situation between the Southern Pacific and the Transcontinental lines, said: "In plain words, the Southern Pacific lines have built a Chinese wall around their territory, and told us that it was perfectly immaterial whether they shipped apples from Michigan or California, and that they would as soon have oranges from Florida as from California. In fact, they did not care whether they had any of our products, and they told us in plain words that they could get along very well without the products of the Pacific Slope. This is a trouble of two years' standing, and it has at last come to a head."

All railroad men say that the trouble is caused by the arbitrary methods of the Southern Pacific, and furthermore that they would not live up to their agreements. W. C. Bennett, chief clerk of the Santa Fe, in speaking of the situation said:

"This is not aimed at the citrus fruit men, but at all the industries of the Coast. It simply means that the transcontinental lines and the Southern Pacific have been unable to agree upon any basis of division on traffic to and from the territory involved. The contention arose some two years ago because of the Southern Pacific's demand for greater

FLASHES FROM THE WIRES

The final points in the dispute between the United States and Great Britain have been adjusted, and circulars will be issued restoring the Transatlantic passenger rates to their old level.

A dispatch from Camden, N. J., reports the marriage of James Buchanan Duke, president of the American Tobacco Company, and Mrs. L. N. McCredy of New York City.

The United States South Atlantic squadron arrived at Bahia yesterday from Rio de Janeiro. The gunboat Castine will leave Bahia shortly to investigate the report that there is a shoal off Pernambuco.

The Spanish bark Tafalla, from Brunswick, Gas, November 4, for Valencia, Spain, which was reported to have sunk with all hands November 15, has arrived at St. Thomas looking badly and with her pumps broken.

At Baltimore, Roland B. Riggs and Lee E. Mooney have been sentenced to fifteen years' imprisonment in the penitentiary for holding up an electric car, robbing the passengers and shooting the conductor, last June. Mooney was captured in Denver.

A dispatch from Peoria, Ill., says the twenty days allowed by law in which to perfect an appeal in the Corcoran case, having expired, an administrator will be appointed to distribute the property, valued at \$250,000.

The crusade against adulterated and adulterated drugs was begun at the Post-office yesterday by Col. Stuart of the Post-office Inspectors. Five arrests were made on charges of fraudulent use of the mails. Fifteen thousand dollars worth of alleged adulterated drugs were confiscated.

The murder of a whole family by the drunken husband father is reported from near Shelby, Pike county, Ky. Enrich Sloan, farmer, went shooting from Shelby in a drunken condition and shot and killed his wife and four small children and then shot himself dead.

The Missouri Society of the Society of New York and its officers, headed by Henry Wolman for president. Balaogues were delivered upon the life of Banker Joseph C. Hendricks, who was the society's president at the time of his death a few weeks ago.

Michael Davitt, the Irish leader who has been in America on private business since November 5, will sail for his home today. Regarding reports that the peasantry in Mayo and Galway counties is on the brink of starvation through failure of the potato crop, he said the matter appeared to be exaggerated. There was a wet summer, the weather was not so partial crop failure, but no starvation exists of serious calamity. In even good seasons, there is poverty in the sections mentioned.

A peculiar and delicate surgical operation has been performed at a hospital in Mt. Vernon, which will probably save the life of Antonio Stranino, whose stomach had been partially torn out by a dynamite explosion. Coils of rubber tubing were inserted in the man's stomach, after part of his crushed interior had been removed. By forcing food through this tubing, it is hoped to preserve his life.

Miss Lucy M. Guthrie, 76 years of age, wife of Orestes Guthrie, a well-known civil engineer of Chicago, has been found dead in her residence. The man sat in the room was opened. Mrs. Guthrie, 76, said her mother's death was an accident. She had been in poor health for some time. Mrs. Guthrie was a member of the Society of the Daughters of the Revolution, a charter member of the Woman's Exchange and a member of the executive board of the Chicago Home for the Friendless for thirty years.

Refused permission to do hard labor at the penitentiary at Joliet, two convicted murderers have begun proceedings in the Circuit court to secure their freedom. Judge Windes issued writs of habeas corpus for the men, George Santos and Pietro Pettinato, and will hear evidence in their cases tomorrow. The prisoners allege that they may become insane from inactivity. They declare they have been ready to work, but that since July 1 they have been denied them.

A man-fish and boarding-house for young women of the city is to be started in the downtown district of Chicago by the Actors' Church Alliance. Eventually, it is the purpose to establish similar institutions in all the large cities of the country. As a temporary expedient, the Church club has been opened to the use of its rooms in the Masonic Temple every Tuesday afternoon.

Lack of oxygen in the room where he died caused the death of Charles Kravay, a machinist, living in Newark, N. J. The one door and window were closed as to make the room practically airtight. When he retired, he started a small gas heater.

At Philadelphia, J. B. Fishman & Co., brokers, made an assignment yesterday. No statement of assets and liabilities has been made. The rise in the price of stocks is given as the reason for the failure.

A. L. C. Atkinson, Secretary of the Territory of Hawaii, was guest at a dinner at the Lotus Club in New York. Fourteen persons were present, including District Attorney Jerome, Gov.

HANLEY'S PLAY.

Promising Young Dramatic Student the Feature of "Ingomar" at Dobinson's.

James Hanley, a young man of splendid voice, magnificent physique and forceful temperament, bids fair to be one of the best human productions ever turned out by Dobinson School. He appeared in the title role of "Ingomar" at Dobinson auditorium last night, and though very distinctly an amateur in an amateur presentation, gave abundant promise coming historic accuracy and dramatic truth to his performance. Hanley does not yet throw into his acting the caution of sincerity that comes with mature disappointment, nor is there even a suggestion of pathos or tragedy. As a large, healthy human being, however, he impresses one with his easy naturalness and bubbling Celtic spontaneity. If a local manager, producing "Zenda," should need a Hentzau, here is one for him.

Miss Gertrude Small played Partinella and played it well. Reserve and distinct refinement, coupled with studied grace and pleasingly distinct enunciation, are the chief points of interest in her characterization. At times she spoke with entirely too low a voice.

A number of other Dobinson students took the remaining roles. Edgar Thompson's assumption of Myron being one of these. The remainder of the cast found "Ingomar" to be a very present state of their student minds.

Other productions in the Dobinson series of plays are soon to follow.

HOLD-UP TALE.

John Quinn of No. 422 South Main street reported to the police at 10 o'clock this morning that he had been snatched and robbed at Fifth and Main streets. Quinn was apparently under the influence of liquor and told conflicting stories. He bore the appearance of having been in a brawl. The police think the man's account is a fairly tale. Quinn says his assailants secured about \$4 after beating him.

NEW JERSEY'S MAJORITY.

TRENTON (N. J.) Nov. 29.—The average vote for national elections on the Republican ticket was 54,350, and the Democratic average was 164,550, making the average Republican majority 110,200.

Rooster Slays a Fox. When once an animal's temper has become thoroughly aroused, it is strange how utterly regardless it becomes of the strength and ability of its opponent.

At Compton Pauncefote, in Somersetshire, a fox was killed in a poultry yard by a rooster. It appears that the fox made a raid on the young chickens, and after killing several belonging to certain hens, turned its attention to the brood of another. This conduct, however, the plucky cock would not permit without a struggle, and rushing at the fox, it was fortunate enough to pierce it in the eye with its spur. It is not known whether the fox penetrated right into the fox's brain, becoming so securely fixed that the rooster was unable to dislodge it without the assistance of a farm laborer, who had been an interested spectator of the combat, between the ill-assorted pair.

A Slave of Prosperity.

Mrs. Porter had married late in life, and married a rich man, after years of prudent scrimping and much care. "How does the old fellow get on?" asked one of Mrs. Porter's old neighbors of another who had been visiting the bride of a year. "Does she appear satisfied?" "Oh, yes, she's satisfied and happy, and all that," said the old friend, slowly, "but you know folks can't stay contented with things all of a sudden, and so there will come times now and again when Annabel looks as if the kettle was 'boiling' over and she was tied hand and foot so she couldn't get to the stove. It's not for me to say how she feels."

FREED OF HERTITLED TURK.

PARIS, Nov. 29.—The first tribunal of the Seine decided today in favor of Countess Caykowsky, formerly Miss Edith L. Collins of New York, and a great granddaughter of Commodore Vanderbilt, in her application for a separation from her husband, the Turkish Legation at The Hague. The decree awards the wife the care of the children. The Count pleaded that the Turkish law started when he was seven years of age, but the court sustained the countess's plea that the Turkish law is not valid in France. The Count is ordered to pay to the countess, according to the Turkish law, \$200,000.

FORGERY INTIMATED.

OBERLIN (O.) Nov. 29.—A meeting of the directors of the failed Citizens' Bank was held tonight. Director J. R. Handolph made the startling announcement that the signature of the collateral notes for \$500,000 and \$250,000 on which Mrs. Chadwick was loaned money, is not worth a dollar. He said he had seen the notes and they are not signed by Andrew Carnegie; that such a story is ridiculous. In his opinion, Randolph says the signature does not add a dollar to the value of the paper.

WENTZ'S WEALTH DISPOSED OF.

PHILADELPHIA, Nov. 29.—Ancillary letters of administration were granted today by the Register of Wills to the wealthy young Philadelphia, whose mysterious death in the West Virginia had been cleared up. The estate is variously estimated at from \$500,000 to \$600,000, and the bulk of the property is left in trust for the benefit of his fiancée, Cornelia Brookmire, who lives in St. Louis.

KRUGER'S BODY AT CAPE TOWN.

CAPE TOWN, Nov. 29.—The Dutch steamer Batavia, having on board the body of Paul Kruger, former President of the Transvaal Republic, arrived today, almost unnoticed. The remains will lie in state here, and will leave for Pretoria December 7 on a special train, which will stop at most of the railroad stations between here and there.

CALVE HAS APPENDICITIS.

VIENNA, A. Nov. 29.—Miss Calve, who has been making an extended concert tour of Europe, disappointed a fashionable audience here tonight. It was announced that she was taken ill, and the doctors have diagnosed her ailment as appendicitis. It is feared an operation will be necessary.

DONORS TO IMPOSE CORN DUTIES.

MADRID, Nov. 29.—Prime Minister Omsa introduced a bill in the Chamber of Deputies today imposing 50 cents duty on imported corn (per 100 kilos) and 100 cents on imported flour (per 100 kilos) whenever the price on Spanish wheat exceeded \$5.00 per 100 kilos. The new duties will become effective immediately after the bill is approved by the Cortes.

GREEKS KILL WEDDING PARTY.

BELEGRADE (Serbia) Nov. 29.—A wedding party, near Monastir, Macedonia, has been attacked and slaughtered by Greek bands, according to a telegram received at the Foreign Office. Thirteen of the party were killed and five wounded. The Greeks escaped to the mountains.

MAY BE CHAVES'S MURDERER.

SANTA FE (N. M.) Nov. 29.—Territorial Game Warden Page B. O'Brien arrested E. Villas, a half-breed Indian, charged with the assassination of Col. Francisco Chaves, Superintendent of Public Instruction, and brought him to Santa Fe tonight.

ANARCHIST MOST RELEASED.

ST. LOUIS, Nov. 29.—On the promise that he would leave St. Louis, Johann Most, the New York anarchist who was arrested Monday night, was released today.

SIDE TALKS BY THE OFFICE BOY.

Pa went out to the races yesterday, he had a hot tip, he was awfully late to supper and was dusty and tired, and I heard him tell a man on the car this morning, "When you're betting on a sure thing always hold out enough money to pay your car fare home." I believe a man would be more apt to win if he'd wear our hats and clothes and things, he'd look so winning.

Down at our Broadway store, we carry a lot of high-class ready-made suits, overcoats and trousers. Our Broadway store is the biggest kind of a winner. There isn't a man in town outside of my boss who'd have had nerve enough to put a fine store like that at Sixth and Broadway. When a man down there can get a Silverwood suit in every town in the United States.

Buys Fine Building Site.

Thomas Higgins has purchased of M. P. Odea, through the agency of H. W. Lewis, the unimproved plot on the south side of Brownson House settlement from Flower to Figueroa streets, and having a frontage of 520 feet on the first-named street, and a fine view of each of the two named thoroughfares; consideration \$15,000. This is one of the properties that was offered to the city for a site for the polytechnic school building. Mr. Higgins is the owner of many other valuable pieces of realty in this city, many of which have been improved since being purchased by him, and his last purchase was doubtless also made for improvement.

Japan on the Screen.

"Japan and Japanese Customs" was the subject of an illustrated lecture delivered last evening by Rev. H. W. White, before the mission-study class of the First Methodist Church. The lantern slides made from views taken by the missionaries in Japan, most interesting among the collection being those of the temple departing for the seat of war in the Far East. Pictures of home life, illustrative of the extreme patriotism of the Japanese people were shown. Much to the delight of the class, a picture of Miss Archer, who went some time ago to Japan, was shown on the screen. First Church, as a missionary to Korea, was shown on the screen, together with that of Mrs. Sherman, superintendent of the Korean Mission, of this city, who for many years was stationed in Korea.

Talked of Charity.

The Newman Club held its monthly meeting last night at Levy's. The guests were: Very Rev. J. S. Glass, D.D., president of St. Vincent's College; Rev. Joseph Barron, pastor of St. Mary's Church; and Rev. W. L. Conner, pastor of the Cathedral; and representatives of the local conferences of St. Vincent de Paul in the city. Catholic parishes. A paper on the life of Frederick Ozanam was read by C. C. Desmond, president of the general conference of St. Vincent de Paul, and from the life of this devoted Catholic were drawn lessons for present-day charity. A general discussion followed, and especially was the necessity of work for the relief of the Campo Indians presented. The Newman Club voted to subscribe \$50 for their relief, and it was urged that the St. Vincent de Paul conferences take up this work at once.

Who Threw Knife?

J. Wiles, who lives at Seventh and Central avenues, was arrested last night on the serious charge of hurling a heavy opened knife through a window of a Vernon car crowded with passengers. At the car was passing Third street and Central avenue, a knife crashed through the window, narrowly missing passengers, and making a deep cut in the woodwork on the opposite side. The conductor stopped his car and ran after the miscreant three blocks where he finally overhauled Wiles and turned him over to Patrolman Tyler. The knife was turned over to the police and when Wiles was searched at the station, another one, though smaller, was found in his pocket. The man was locked up though he denied having thrown the knife.

Horribly Gashed.

Robert Arrington, a Pullman porter, was taken to the Receiving Hospital last night suffering from horrible gashes about the face inflicted with a razor in the hands of an unknown negro. The cutting occurred at 11 o'clock in front of the office of the San Pedro street, and, though witnessed by half a dozen people, none knew the assailant, who escaped narrowly missing Arrington. It seems that the man, who is a colored man, was nearly cut from the head, and a gash across the neck and throat narrowly missed the jugular vein. While serious, Arrington's injuries are not necessarily fatal. Detectives are searching for the man's assailant.

Chinaman Free.

Wong Lung Yee, a young Chinaman, was released on a writ of habeas corpus yesterday by United States Judge Olin Wellborn, and a remarkable deportation case is thus ended. Wong Lung Yee is the son of Wong Yen, a merchant in the city of Canton, and his relatives claimed that he had been born here in 1885, going back to China when 4 years old. He came home

eight years later, and went back on a visit with his father in 1901. Returning to America shortly thereafter, he was taken by the inspection officer at San Francisco, and after trial, was ordered deported. His case was appealed to the highest authorities of the government, but to no avail, and the boy was shipped back across the Pacific. Undaunted, he returned to California via Mexico. He was recently apprehended here, and the whole matter came up again. When all the evidence was in Judge Wellborn was satisfied of the truth of his stories.

This evening the East Side Improvement Association will hold a general citizens' meeting in the Y.M.I. Hall, corner of Downey avenue and Avenue 21, to which all property owners on the East Side are invited. The slaughterhouse propositions and other matters of special interest to the ward will be discussed.

BOOSTING RALLY FOR NON-PARTISAN BOARD.

THERE was a great outpouring at the mass meeting held last evening at Simpson Auditorium in behalf of the movement to elect a non-partisan school board. It was a fine rally in every sense of the word. Lovely woman was there in large numbers, and was heard to good effect. Will A. Harris captivated the great audience by the fine temper of his address and aroused great enthusiasm.

THE MEETING.

According to a campaign standard that is not more than forty-eight hours old, but highly to be respected, because of its source—to attack your opponents directly is to do politics, but to attack them indirectly is to do ethics.

So at Simpson Auditorium last night politics and the ethical battle hand in hand, the one arrayed in well-fitting frock coats, the other gowned

to the parents no one denies that the teacher has the largest responsibility and opportunity in this matter. There is no thinking person who will deny, then, that the placing of the best and proper teacher, the furnishing of the best and proper equipment of books, appliances, buildings, and the conscious expenditure of money for these purposes, require the highest, most unselfish type of citizenship in office, irrespective of creed, political party, or race. And the ideal and real non-partisan Board of Education will never be secured so long as it is composed exclu-

handson in styles that are right this fall. Brains and presence carried them, splendidly through the ordeal, for something of an ordeal it was to those who came gowned, while a sincere and distinctly high-class audience of not far from 1000 men and women listened appreciatively and applauded or laughed discriminatingly from 8 o'clock until 10.

As it had been announced that it would be, this was a mass meeting, called jointly by the Municipal League and women's clubs of the city to protest against the possible election of the regular Republican party nominees for an school board and to urge the election of the non-partisan ticket. A thoroughly representative citizen presided in the person of A. B. Cass, and the good-sized and markedly representative assemblage was addressed in turn by A. P. Fleming, the Municipal League's campaign manager; Mrs. Robert J. Burdette of Pasadena, lately vice-president of the National Federation of Women's Clubs; Mrs. Roy Jones of Santa Monica, president of the (Los Angeles) Friday Morning Club; Mrs. Bertha Hirsch Baruch, county president of the Woman Suffrage Organization; Mrs. Eliza Tupper Wilkes, and Will A. Harris. Charles Cassat Davis was to have addressed the meeting, but the chairman announced that illness prevented his being there.

In opening the meeting, Mr. Cass neatly quoted the famous remark of Senator Hoar's, "I believe that today is better than yesterday, and that tomorrow will be better than today," and in striking this as the keynote for the occasion, Mr. Cass said that he believed firmly with Mr. Hoar, "Our hope for the future of this city," he said,

a review of the political situation and civic conditions out of which sprang the non-partisan school board ticket, and which were responsible for the assemblage before him.

Mr. Cass introduced Mrs. Burdette, who spoke "as a non-represented taxpayer on an occasion when money is going to talk." This well-aimed thrust pricked the sympathies of the audience, male and female, and there, frequently thereafter, Mrs. Burdette was met by answering applause and laughter as point after point was pressed home.

Mrs. Burdette said: If anyone wonders why I, a non-resident, should be here to express my convictions on this occasion, I have only to say that although not a resident of Los Angeles, I am a step-sister as it were, as I live here about half the time, have many interests here and more than all, am a non-represented taxpayer, and this is the time when money is going to talk.

As a woman and a representative of the women of this city tonight, I wish to say I am not here to condemn the nominees of any party or primarily to approve all the men named by any organization—to say that men placed in nomination for the School Board by the Republicans are unworthy and incapable—that any ticket that might have been named by Democratic citizens would be better than the one named by the Republicans. I am here to express the convictions of the women I represent regarding the teaching of truth in our public-school life and which henceforth should be the teaching of the whole people. "There is so little truth in politics, there should be no politics in the teaching of truth."

"No partisan bias in pure knowledge." "Politicians for politics, but teachers for the schools."

God's greatest gift to the world of His creation was the human soul. The greatest responsibility He has placed on us is the training of the human soul in their formative period. Next to the future of this city," he said,

"COL." BLACK GETS WISE.

Makes Painful Discovery That Snyder Can't Get Handled to Wink at Spiked Gambling.

"Col." F. D. Black, upon making two painful discoveries, has closed his dive where "spiked" gambling games were played. The colonel learned, to his disgust, that the Chief of Police "ain't right" and that Snyder has not succeeded in "fixing" the newspapers as he had been assured. The colonel got a fairly strong inkling in this regard when a copy of the Times containing a description of his miserable dive was delivered at his door Monday morning, followed by a notice from Chief of Police Hammett. One virtue belongs to the colonel's ilk. They don't have to be operated on by a surgeon to see a hint. The colonel closed the doors, and Los Angeles went out of the "spiked" gambling business. Black is not the sort of man to "chuck" the police—the most useless and expensive game in the world.

IS HE DEAD OR A DESERTER?

ABSENCE OF CASHIER SIMONS IS STILL A MYSTERY.

No News, Good or Bad, Comes to Weeping Wife and Daughter—Suspicion That He Eloped With Daughter's Pupil After Embezzling Women's Money.

Did "Joey" Simons, the dancing master, elope with one of his young lady pupils when he disappeared so mysteriously more than a month ago, or is he somewhere, hidden away among the mountains of San Bernardino county?

Fearing foul play, every effort was made to ascertain the whereabouts of the man, who had left his home, saying, "I am going hunting in the San Bernardino Mountains."

Soon after the strange disappearance, it was reported by the Woodmen Lodge that Simons was short in his accounts more than \$1000. From the Saturday when he left his home on Spring street to go hunting with a party of friends until the present, Simons has dropped completely out of sight.

Simons left behind him in this city a young wife and a pretty little daughter, who are utterly at a loss to account for his disappearance.

Yesterday Mrs. Simons was interviewed by a Times reporter. She was both, however, to say much in regard to the man who has apparently so cruelly deserted her.

Asked if he had eloped with another woman, the pretty little wife, who is yet in her early twenties, heaved a deep sigh, and her sorrow was so apparent that the question was not repeated. Mrs. Simons has a wealth of golden hair, is petite and winsome.

The deserted woman told a pitiful story. She said her husband had left her without money or means to provide for herself and daughter. That he had been always kind to her until the few years of their married life, when he was just a little peculiar in his actions. This was accounted for because of financial troubles.

Mrs. Simons could give no other reason than that already published concerning her husband's departure, and thought he might give her some news, though she said he had few enemies, and none whom he feared.

Hoping against hope, as the days go by, and he comes not, the little wife is waiting at her home on East Eighth street, hardly knowing what to do, her dire extremity.

"I think, perhaps, he will come back yet," she said. Then, as she looked away for a moment, she said, clasping her hands convulsively: "Oh, how I wish I knew," and the little daughter threw her arms around the mother's neck.

KINIRY GOES NORTH.

Money for His Capture Distributed. Culprit Not Chased by Prospect of Hanging.

Kiniry, porch-climber, thief and braggart, was taken off the hands of the local police yesterday by Chief of Police Hodgkins of Oakland, who went away with him on the 8 o'clock Coast Line train.

After he left, Chief of Police Hammett divided the proceeds of a detective for \$1000 sent down as the reward offered by the people of Oakland for the arrest of the murderer of Policeman Smith.

Special Officer Hendrickson received \$50 of it; \$250 went to Mr. Barnes, at whose house Kiniry boarded on Thirty-seventh street.

Capt. Bradish, who actually made the arrest, and Paul Plummer, but for whose remarkable feat of identification Kiniry would never have been connected with the Oakland crime, generously waived their rights to a share of the reward.

The \$100 offered my Dr. Hilbard for the return of his stolen jewelry, was divided by the Chief between Capt. Bradish and Detective Rich and Takamantes.

Although Kiniry is fairly sick with terror in his heart, he went away yesterday with a disgusting attempt at braggadochio. He was handcuffed and shackled and will have no chance to get away. Capt. Bradish and Detective Plummer escorted him to the station, where he was taken to the cell.

Kiniry is so scared that he cannot sit still. The day before he left, he was asked how long he expected to be in prison.

"Oh," he said, with a shudder, "I don't dare to think of it in years. I just keep telling myself it can't be so very long, and then I fall asleep."

Many others believe that he will utterly collapse before he gets to prison.

NEWS OF THE MORNING.

PRICE 3 CENTS.

WOULD HURRY MILLENNIUM.

Perry Kitchen Tries to Get Ahead of His Wife.

Scallops Dose of Poison but is Pumped Out.

Jealous of "Millennial Dawn" Church People.

Perry E. Kitchen, a yard man of the Los Angeles Lighting Company, tried to kill himself yesterday because his wife had become so pious that he couldn't stand it any longer. He ate a bottle of laudanum and wanted to thrash the Police Surgeon for pumping him back to life.

Kitchen's wife is a devotee of the cheering belief that all the dead are about to rise from their graves and dwell on earth again, and that all the nations of the earth are about to engage in a wholesale "rough house."

Listening for the end of the world got on Kitchen's nerves. He decided to go early and avoid the rush. Kitchen was alone at home, No. 29 South Avenue 18, when he took the poison. He immediately rushed out to a neighbor, and informed her what he had done.

The woman telephoned to the Police Station, and was told to fill him up with hot coffee and keep him awake until the patrol wagon arrived.

Kitchen was furious with indignation at his treatment at the Receiving Hospital. To save his life, he was necessary to keep him from getting too drowsy. They slapped his face, pinched him, and lastly pounded his feet with a policeman's bill.

He would come out of his sleep with an angry start, and try to pull off his coat and mop up the floor with the doctor. But every time he was up, sleep would overcome him and he would sink back with a swear word.

Last night, after Kitchen had about recovered, his wife telephoned to the police not to let him go home.

She explained to a Times reporter that her husband has not yet risen to the point where he sees the distinction between family love and the love that one bears for members of the church congregation.

"Mr. Kitchen is a very jealous disposition," she said. "You know how it is that one loves one's family more than much, but at the same time has a loving feeling for the church people. You know it's a very jealous feeling."

She said that Mr. Kitchen was not jealous of any particular member of the congregation of the "Millennial Dawn Readers," he objects to her having any feeling at all for the church people.

Indeed, the feelings of a jealous man, already jealous of the presence of all others on the same earth, with a wife, may be imagined at the prospect of having her presently babbling to him all the people who ever did live, to the numbers of countless millions.

He used to believe in the "Millennial Dawn," himself," said Mrs. Kitchen, sadly; "but he can't understand it."

"It is not my religion," she said, "but I do not neglect my housework for my religion or my family either."

"No, I was not at home when he tried to kill himself. I was out with one of our congregations of the 'Millennial Dawn' to do this once before, and I kept him from dying by walking him around. He has been threatening to do this for some time on account of being jealous of my caring for my religion and the church people. He thought I cared more for the church than for the family."

BROKEN BACK IS MENDED.

REMARKABLE OPERATION AT THE COUNTY HOSPITAL.

Fragments of Bone Picked Out of Charles Cole's Spinal Cord and Shattered Vertebrae Spliced Together—Patient Believed to be on Fair Way to Recovery.

An apparently successful operation for a broken back was accomplished at the County Hospital yesterday.

Charles Cole, a painter, 27 years old, who fell from a ladder and sustained a compound fracture of the spine on Thanksgiving Day, is the patient upon whom the rare operation was performed by Dr. Barber, superintendent of the hospital, assisted by Drs. George W. Laisher and C. H. Blaine. Pieces of the spine which were pressing on the vital spinal cord were removed by the surgeons, and last night, Cole, who had been given up for dead before the operation, was reported as resting easily, with splendid chances for complete recovery.

From a scientific and surgical standpoint, the operation is of the greatest interest. Simple, though it seemed, infinite care was required, and not until the patient came out from the influence of the anesthetic did the physicians know that their work had been successful.

The fracture was just at the waist-line, commonly called the "small of the back." Here the spine was just above the surgeon's knife for three inches, and the delicate operation of picking out the fragments of bone was commenced. Finally the cord itself was reached and freed of fragments which were slowly crushing its vitality. The cord was restored to its normal condition; vertebrae placed in a position to knit together, and then the wound was sewed up.

Cole had been unable to move either leg, and had no sensation whatever in the lower part of his body, but immediately after the operation he moved both legs, and in ten minutes he was able to sit up. He had been in bed for five days, began showing normal conditions.

Dr. Barber is especially elated over the success of the operation, which he says will prove of vast benefit to the medical world. Hereafter similar cases have been looked upon as hopeless, and rarely have operations been undertaken. The surgeon says he has only heard of two previous successful ones of this nature in the world.

Last night a number of physicians who were interested in the unusual case, visited the County Hospital, and expressed the opinion that Cole would recover.

SPILLS GORE OF CORBETT.

"Battling" Nelson Victor in a
Most Furious Fight.

Ten Rounds of Slugging Till
Sponge Goes up.

Chicago Footballists Elect
Cattlin—Ball and Races.

(BY DIRECT WIRE TO THE TIMES.)

SAN FRANCISCO, Nov. 29.—[Exclusive Dispatch.] "Young Corbett" was beaten to a standstill in ten rounds by "Battling" Nelson tonight at Woodward's Pavilion. It was one of the fiercest contests ever seen in this city. The men were locked in every round, punching whenever they could get an arm free, and Corbett was carried to the ropes again and again.

Nelson's plan from the start was to put his head into Corbett's chest and bang for dear life. The former champion seemed helpless to keep him off, and was slowly worn down. Corbett began to bleed from the mouth in the fifth round, and claimed before he had been hit. From the time a cut was opened in his lip he never ceased to bleed, and at times a perfect stream of crimson flowed down his chest. This not only affected his breathing, but weakened him perceptibly. Nelson, on the other hand, showed little or no sign of having been through a grueling battle.

Nelson kept digging into his opponent, and during the last round rained a perfect torrent of blows on his already much-weakened antagonist. Only the gong saved Corbett from the ninth period, and when he came up in the tenth it was only a question of how much he could stand before he was knocked out.

With blood gushing from his nose, Corbett staggered under the brutal blows. It was a merciful deed for the former champion's seconds to throw up the sponge and save him further punishment. Corbett was a badly-beaten man, while Nelson was apparently in as good shape at the end as when he started. The crowd showed its appreciation of Corbett's gameness by loudly cheering him as he left the ring.

(BY THE ASSOCIATED PRESS—P.M.)

WOODWARD'S PAVILION, Nov. 29.—In the greatest fight witnessed between little men in years "Battling" Nelson defeated "Young Corbett" of Chicago in ten rounds. From the top of the gong until Corbett's seconds threw up the sponge, Nelson was the master of the situation at every stage of the game. His fighting was a revelation, and the most brilliant ever witnessed in any ring. For the first time in his career, Corbett was as helpless as a baby, but he was not without gameness. The fight was over, and the new man in line to vanquish Champion Britt.

Story of the fight. The fight was over, and the new man in line to vanquish Champion Britt. Corbett entered the ring at 9:45 o'clock almost unnoticed, owing to the presence of a rival challenger. He was introduced by Billy Jordan, introduced as Count Hissler, champion Graco-Roman wrestler of the West. He was introduced by Billy Jordan, introduced as Count Hissler, champion Graco-Roman wrestler of the West.

Both men showed extreme caution in the first round, there being an evident disposition to take each other's measure. Nelson showed a more aggressive disposition. In the second Nelson went right at his man, winning the cheers of the house. The referee, who was a bit dazed, but was a contented smile, Corbett was bleeding at the nose, and was in a corner. Nelson surprised the house by his brilliant fighting. Corbett was bleeding freely at the end of the third. The next two rounds showed more of the fastest fighting seen in any ring. Nelson fairly forced Corbett to the ropes, and beat him badly with short-arm blows.

"Keep away from him," continually yelled Corbett's seconds. They began to realize that the Chicago lad was the superior of the man who was supposed to be a master at lightning, but Corbett always came back swift and hard. Nelson kept up the work, and the work of Nelson began to tell. Corbett was between the ropes three-fourths of the time. He repeatedly missed upper cuts and swings that would have ended the fight at this stage had they landed.

The sixth was a terrible round, and ended in Nelson beating Corbett all over the ring. The house was going wild. Nelson showed a more aggressive disposition. In the seventh, beating Corbett until his face was streaming with sweat, and he was bleeding at the nose. Nelson surprised the house by his brilliant fighting. ting market, where, notwithstanding the misadventure of the odds, the speculation on the result was the heaviest of any contest since the Britt-Corbett nearly a year ago. While, technically, no championship title went with the winning end of tonight's fight, the fact that the victor will meet Jimmy Britt in this city next month for the world's featherweight championship proved an incentive which stimulated the efforts of the principals and impelled them to train to the limit. In particular, has undergone a very severe course of training. The former champion made no secret of the fact that his weight just previous to the contest was 125 pounds, but that by faithful and strenuous work he had brought it down to 115, and when the two lads squared on the scales, Corbett's weight was at the figure previously named upon, namely, 120 pounds. Nelson has been at this figure for several days past, and at no time has there been any apprehension as to his making the weight. He failed to raise the beam at the 120 notch, as he stepped on the scales.

When the two belligerents stepped into the ring tonight, Corbett ruled a warm favorite at odds of 1 to 2. Bets were registered at even money that the ex-champion would defeat his opponent in from twelve to fifteen rounds. Despite the disparity in the price, the betting continued heavy up to the final moment.

Corbett's seconds tonight were Harry Tuttle, his manager; Frank McDermott, Billy Ows, Benny Carson and Tim Murphy. Frank Raffel, Dan Danziger and Jack Kelly.

In the evening, the betting, owing to the weight of Nelson, money, switched to the odds of 10 to 7. It is estimated that the receipts tonight approximated \$15,000.

CORBELL BEATS SANTRY.
Earl Corbell of San Francisco was awarded the decision over Eddie Santy of Chicago at the end of ten rounds. The decision was very unpopular with the spectators.

Corbett and Nelson entered the ring, and after they had been photographed, they went to the center of the ring and were instructed by the referee. Corbett then threw a series of punches to await the start of the initial gong.

At 10:15 p.m. the time is called. The first round, Corbett walked coolly to the center. Nelson was the first to move, missing swings for the jaws. Corbett lunged out wickedly with the right, but was short. Nelson nearly slipped to the floor in avoiding the blow. Corbett cleverly ducked the tremendous swing, and then chopped his right hand down on Nelson's forehead. For some time, apparently, they sparred. They came to close quarters, and Corbett landed a series of punches on Nelson's head. Nelson was very cool, while Corbett was a trifle anxious.

Other than some sparring both missed lefts, and they went to close quarters, Nelson getting in a left jab to Corbett's face and a right to his chest. Corbett rushed to the clinch, and in some vicious fighting landed some good lefts on Nelson's jaw. Corbett rushed, feinted with left and drove his right to Nelson's head. A similar blow went wild, and they again went to close quarters, mixing it without damage. Quick as a flash Corbett landed a right to Nelson's head, and Nelson retaliated in kind with a right to Corbett's head. Nelson was bleeding slightly from the mouth, as the round rang, and the men went to their corners. The honors were practically even.

Third round—They went to the center and exchanged lefts to the end of the round. Nelson swung a vicious one to the head, and Nelson retaliated with a left to the head. Nelson rushed him to the center, and landed left and right on the ex-champion. As they squared off Nelson sent a straight right to the jaw and followed it with left swings to the jaw, making a good deal of the most natural of a neutral corner, got clear and escaped. Corbett suddenly sent two ferocious right hands to Nelson's head, and Nelson was badly hurt. Corbett landed a right to the face, and Nelson was badly hurt. Corbett landed a right to the face, and Nelson was badly hurt.

Fourth round—Nelson swung a right to the head and Corbett missed a full right uppercut to the jaw. They went to close up, and Corbett missed two short-arm swings for the jaw. Nelson forced Corbett against the ropes and then around the ring, landing a right to Corbett's head and face. Corbett stalled, and then some heavy infighting followed. Corbett put right and left to the face and body. The fight was over, and the new man in line to vanquish Champion Britt.

quarters at the very outset. Nelson missed several lefts for the face. Nelson then sent a right to the face, and Corbett stalled desperately. Corbett's face soon broke out bleeding freely. Corbett kept in very close, missed several desperate swings and was then forced into Nelson's corner. Nelson pegging away mercilessly at his antagonist. The fighting was most desperate. Corbett fought wildly, while Nelson kept in very close, missed several times with the right, and brought more blood from Corbett's face. Just before the gong rang, Corbett landed a fearful right swing to Nelson's head, but there was no perceptible effect on the "Battling Demon." It was Nelson's round.

Ninth round—Corbett complained to the referee that Nelson was butting him with his head, but no attention was paid to the claim. Corbett missed a right-and-left swing to the jaw, but received two straight lefts and right on the jaw that forced him back. In a mix, Nelson drove his left to the face and a hard right to the body. Corbett was hurt, and Nelson went to the center of the ring. Nelson landed a right to the jaw, but it had no effect on the Chicago man, who forced Corbett to the center of the ring. Nelson landed a left to the jaw, and Nelson landed an avalanche of straight right and left punches on Nelson's head. Nelson saved Corbett from almost certain defeat. It looked as if he was molting to his seconds to throw up the sponge.

Tenth round—Nelson went right at Corbett, Corbett hung to Nelson's head, and Nelson landed a series of punches on Nelson's head. Nelson was very cool, while Corbett was a trifle anxious.

Other than some sparring both missed lefts, and they went to close quarters, Nelson getting in a left jab to Corbett's face and a right to his chest. Corbett rushed to the clinch, and in some vicious fighting landed some good lefts on Nelson's jaw. Corbett rushed, feinted with left and drove his right to Nelson's head. A similar blow went wild, and they again went to close quarters, mixing it without damage. Quick as a flash Corbett landed a right to Nelson's head, and Nelson retaliated in kind with a right to Corbett's head. Nelson was bleeding slightly from the mouth, as the round rang, and the men went to their corners. The honors were practically even.

Third round—They went to the center and exchanged lefts to the end of the round. Nelson swung a vicious one to the head, and Nelson retaliated with a left to the head. Nelson rushed him to the center, and landed left and right on the ex-champion. As they squared off Nelson sent a straight right to the jaw and followed it with left swings to the jaw, making a good deal of the most natural of a neutral corner, got clear and escaped. Corbett suddenly sent two ferocious right hands to Nelson's head, and Nelson was badly hurt. Corbett landed a right to the face, and Nelson was badly hurt. Corbett landed a right to the face, and Nelson was badly hurt.

Fourth round—Nelson swung a right to the head and Corbett missed a full right uppercut to the jaw. They went to close up, and Corbett missed two short-arm swings for the jaw. Nelson forced Corbett against the ropes and then around the ring, landing a right to Corbett's head and face. Corbett stalled, and then some heavy infighting followed. Corbett put right and left to the face and body. The fight was over, and the new man in line to vanquish Champion Britt.

Story of the fight. The fight was over, and the new man in line to vanquish Champion Britt. Corbett entered the ring at 9:45 o'clock almost unnoticed, owing to the presence of a rival challenger. He was introduced by Billy Jordan, introduced as Count Hissler, champion Graco-Roman wrestler of the West. He was introduced by Billy Jordan, introduced as Count Hissler, champion Graco-Roman wrestler of the West.

Both men showed extreme caution in the first round, there being an evident disposition to take each other's measure. Nelson showed a more aggressive disposition. In the second Nelson went right at his man, winning the cheers of the house. The referee, who was a bit dazed, but was a contented smile, Corbett was bleeding at the nose, and was in a corner. Nelson surprised the house by his brilliant fighting. Corbett was bleeding freely at the end of the third. The next two rounds showed more of the fastest fighting seen in any ring. Nelson fairly forced Corbett to the ropes, and beat him badly with short-arm blows.

"Keep away from him," continually yelled Corbett's seconds. They began to realize that the Chicago lad was the superior of the man who was supposed to be a master at lightning, but Corbett always came back swift and hard. Nelson kept up the work, and the work of Nelson began to tell. Corbett was between the ropes three-fourths of the time. He repeatedly missed upper cuts and swings that would have ended the fight at this stage had they landed.

The sixth was a terrible round, and ended in Nelson beating Corbett all over the ring. The house was going wild. Nelson showed a more aggressive disposition. In the seventh, beating Corbett until his face was streaming with sweat, and he was bleeding at the nose. Nelson surprised the house by his brilliant fighting. TIM PAYNE GOT RECORD.

Six and One-half Furlongs in
Very Good Time.

Wise Sports Win Money
on Three Races.

Large Crowd of Spectators
See the Show.

Two long birds sailed over the line yesterday at Ascot, and contrary to the general rule, a large majority of the books favored the outsider, the Right to the two long ones came Katherine Ennis on which the wise brigade poured in a pot of money; a further good long shot came two heavy played favorites; and the final job was Tim Payne, that hundreds played straight and show rather than take the favorite. Judge Denton yesterday.

PAYNE BREAKS RECORD.
Tim Payne in the closing event badly smashed the track record for six and one-half furlongs by covering the distance in a whipping finish with Judge Denton in 1:20 1/2, the track record of 1:21 1/2, being made on February 15 by the same Hupala that ran the third to Payne and Denton yesterday. Hupala, however, being beaten twelve lengths in his first start yesterday. Flo Bob ran the best race of his career in 1:40, coming close to Hupala's record of 1:40 1/2, made last January.

The first good thing of the day came in the first race, when Intertide at 7 to 1 lasted long enough to beat the favorite, Bath Beach, with the other good one, Potrero Grande, fourth, suffering from a bad get-off, and the barrier flew up, and finally beating him a head in a drive, Hildebrand out-riding Smith.

ARE IRANDED BY THE TOTEM.

Local Candidates Wearing Seritude Badge.

McAleer forbids Its Use on Campaign Buttons.

Is Attached to Non-partisan School Board Ticket.

On the campaign cards and other literature of the following candidates for municipal office is printed that badge of seritude and dishonor representing the tyrannical demands of the lawless and boycotting law unions—the "totem." Meredith Snyder, Democratic candidate for Mayor.
E. H. Weiler, Republican candidate for Street Superintendent.
James Haley, Democratic candidate for Street Superintendent.
W. H. Weikman, Democratic candidate for City Treasurer.
Evan Lewis, Republican candidate for City Assessor.
Albert D. Barham, Democratic candidate for City Assessor.
Harry J. Leland, Republican candidate for Board of Education.
J. S. Murphy, Democratic candidate for Board of Education.
Charles Assat Davis, candidate for Board of Education.
Emmett L. Wilson, candidate for Board of Education.
Joseph Selt, candidate for the Board of Education.
J. M. Gun, candidate for Board of Education.
W. J. Whurn, candidate for the Board of Education.
Fred L. and, Republican candidate for Councilman from the First Ward.
Owen McAlister, Democratic candidate for Councilman from the Sixth Ward.
John Weber, Democratic candidate for the Council from the Seventh Ward.
Richard H. Fullaway, Republican candidate for the Council from the Seventh Ward.
Bernard Hey, Republican candidate for the Council from the Eighth Ward.
R. F. Grove Independent candidate for the Council from the Eighth Ward.

HOW HEY RECKON.

With the election of the members of the Board of Education almost every candidate who name appears above works the two-way game. If he is in a neighborhood where he thinks there are a number of labor union electors, he passes out a badge with the totem. Then when he goes into a conservative neighborhood he brings out the cards which do not bear the badge of seritude—but all at the same time he keeps a deck with the totem up his sleeve.

WHAT MALEER SAYS.

Regarding the button incident Mr. McAleer Monday afternoon made the following statement:
"At the opening of my campaign I notified the Campaign Committee that, inasmuch as it is a Republican city convention had refused to accept the union label, I would stand for its use on any of my literature."

"I am the candidate of the Republican party and of a faction. If I am elected I shall be the Mayor of the city of Los Angeles. I will not stand for the use of the union label, which represents only a part of the people."

"About a week ago some buttons were printed with the union label. It was done through a mistake. I think that less than 100 of them appeared. How the confusion of orders occurred or how those items got so quickly in circulation I do not understand. The order had been tested that no more labels should be used on the buttons before I heard of the incident."

"I immediately requested my campaign committee that the buttons bearing the union label be gathered and others issued in their place. Many have been gathered in, and I do not believe that more than a dozen are in circulation."

Cards and literature of the Democratic non-partisan nominees for the Board of Education were issued by the Democratic Campaign Committee. This committee, hoping to cater to the aspirations of its adherents has adopted the seritude totem. It appears on all of its literature."

ADVERTISING FEAST.

Local Publicity Agents Meet Around Banquet Board to Promote Interests of the Craft.

Local members of the Pacific Coast Advertising Men's Association met at Levee last night to attend a banquet, and to discuss matters pertaining to their profession and to arrange for attending the quarterly convention of the association, which takes place in Fresno January 8. L. V. Meris was in the chair.

After the banquet papers were read by Messrs. Hoover and Renfro, regarding the writing and placing of advertising and giving an insight into their own experiences in the Los Angeles field.

George E. Fairhead spoke in reference to the relation of advertising agencies with newspapers and advocated a better understanding concerning commissions locally on business of a national character.

L. E. Halburd made a happy speech about the consummation of an advertising association in this city, and hoped it would prove of mutual advantage to the advertising men and the newspapers.

Replying to the best means of reaching the public, H. C. Ackery said that while under some conditions there were other methods, that price and circulation considered, the newspaper offered the cheapest and best solution.

M. V. Hartman gave an illustration of what can be done in Los Angeles by orange growers in working up a market here by using the freight expenses for advertising purposes.

Brief talks were given by Messrs. Reed, Pitch and Greaves.

It was decided to hold the next meeting on January 3 and monthly thereafter.

GUN PLAY AT THE PARK.

Unfortunate Remark by Mr. Whitehouse Started Impromptu Wild West Show.

C. Whitehouse made an unfortunate remark about "colored gent's" at Eastlake Park yesterday, which started a Wild West show; and Whitehouse was not cast for the part of the man with the gun.

Whitehouse was sitting on a park bench when a white boy named Frank Trey, a colored boy named Al Carson, and two white girls walked by. Whitehouse felt inspired to make a humorous remark on the situation.

At the conclusion of his remark, Whitehouse saw a big black revolver leveled to the muzzle and of a man not wicked looking, named Al Carson. Strange to say, it was the white boy who got a feeling to kill someone.

A park officer arrested both Carson and Trey yesterday afternoon. They were booked for carrying concealed weapons; Carson on suspicion.

CITRUS MOVEMENT. On Sunday and Monday the railroads moved 20 cars of oranges and 4 of lemons, making a total of 35, of which 140 were lemons.

SHORTAGE OF BEANS.

The shortage of the best pink beans, which the Times called attention to yesterday, was confirmed by a leading wholesaler firm. It was stated that the supply is fairly ample as has been stated, and even more so. The manager of the firm reported to declared that there were no beans in the hands of the State outside of a few now in the hands of jobbers, and this supply was very short. His own supply, he said, was far less than in previous years, and he predicted that the shortage would soon be felt in the trade.

LARGE STOCK OF DATES.

The local dealers are receiving immense consignments of dates every day, and the price has advanced slightly. Yesterday one leading firm reported receipt of an additional 50,000 pounds in double car and another firm reported a single car. The arrival will continue for many weeks. Persians now bring only 40 cents a pound, and Persians in 60-pound packages have dropped to 8 and 9 cents.

APPLE TRADE.

The situation in regard to apples continues to attract considerable attention. One leading wholesaler said yesterday that he considered the recent clearing of several cars of California apples as demoralizing in its effect upon the market. The supply of California stock in storage is good, but not too large. The market here is much in excess of what is the case in most similar cities, and the consumption and demand are very great.

LOCAL PRODUCE MARKET.

Yesterday was one of the quietest days at many of the local business houses in many weeks. This is true all over the city. The Produce Exchange did nothing in the way of changing quotations. Eggs were selling well, and one dealer reports that the business in this line has greatly increased within the last few days.

NEW YORK MONEY MARKET.

The money market was better supplied yesterday. Wild ducks have begun to arrive in very large numbers, as well as some geese. Rabbits are still an unknown quantity on the market. The ducks come from the Imperial country and the San Joaquin Valley. There is a very good demand. Dealers report that no one has now to be had under \$2.75, at which price they are very scarce.

KILLED IN FAR CANARY ISLES?

COLTON BOY GLOBE-TROTTER REPORTED SLAIN.

Roswell Button and several shipmates said to have been murdered by natives—Dancing "Professor" Leaves and Pupils, Who Paid in Advance, Mourn His Departure.

COLTON, Nov. 29.—Word has been received from the Canary Islands that Roswell Button, a globe-trotting Colton boy who left here about a year and a half ago, and has been a sailor on the bark Ida, was killed, with several others, off Puerto de la Luz. They were presumably murdered by natives. His sister, Mrs. McGill, who resides in Colton, has been unable to verify the report. Miss Effie Burbank, Anaheim, with whom her brother had been corresponding, was the first to receive the tidings. It is supposed her address was found among Button's possessions.

Mrs. McGill is expecting a letter daily, giving an account of her brother's reported death. The last letter she received from him was dated Canary Islands, October 22. The crew expected to leave for Cuba in a few days, and Button added, "I will be very glad, for the people here are all Spaniards, and they don't like the Yankees—life is almost unbearable."

In his letter, Button remarked that he was tired of traveling and wanted to get back home. He was but 17 years of age, since leaving Colton he had been in Australia, Ireland, England, Scotland, Canada and the Canary Islands.

"PROFESSOR" GONE.

"Prof." W. D. Landow, teacher of dancing, who came to Colton about two weeks ago, "highly recommended" in his profession, and organized a dancing class, has taken his departure, and many there are who mourn the fact. The "professor" demanded pay for the course in advance, but a check for \$100 was returned. He had a room in the Carter Block. Thursday he packed his trunk and said he was going to San Bernardino for a few days. He had paid no rent, and Carter, not pleased with the progress of affairs, demanded pay before his roomer departed. This he secured, although Landow assured him he would be but a few days away.

It is supposed that Thursday's midnight overland carried the "professor" either to San Bernardino or to some other place, but he has not been heard of since.

HERE AND THERE.

Deputy Sheriff Ward this morning arrested Pasquillo Gutierrez, wanted in Los Angeles for burglary, committed last week.

SANTA ANA.

The directors of the Colton Fruit Exchange last evening decided to begin picking fruit Monday next, for holiday shipment. The exchange is five days, picking only such fruit as is highly colored. The prospects are good, as the exchange has shipped over seven or eight carloads for the Christmas pool.

SAN BERNARDINO.

DARING DAYLIGHT BURGLARY.

SAN BERNARDINO, Nov. 29.—A daring daylight burglary occurred this afternoon, the thief getting away with a large assortment of jewelry and other valuables. The burglar entered the second floor, ransacked three rooms. He then stepped to a balcony and leaped to the lawn, getting away unobserved. The burglary was soon discovered.

SHE WHO MARRIED.

The suit brought by Mrs. Jeannette Williamson, nee Bemis, against the city school board to recover \$250 alleged to be due under her contract to teach, commenced in the Superior Court this morning. Mrs. Williamson claims the members of the board ousted her after three months' services because she married, the president of the board exclaiming that they had no room for married women in the public schools.

EXERCISE FOR "PUP."

Kid Dewey's efforts to secure release from the County Jail through habeas corpus proceedings failed this afternoon, the court denying the petition, and remanding him to the rock pile to complete serving his 100 days sentence for vagrancy. He was anxious to be liberated to fight Kid Williams at the Colton next week.

FAKE OFFICER JAILED.

Henry Green was sent to the County Jail from Needles last night, charged with carrying concealed deadly weapons. He is under a sentence of 100 days. Green represented himself to the officers at Needles as a deputy sheriff from Nevada, on the trail of two murderers. He started to assist him in the search, but soon parted company, objecting to his theory of how to catch criminals, he wanting to spend money lavishly on wine and women. Later they arrested him for disturbing the peace, when he confessed that he was no officer, and the charge under which he was sentenced to jail was lodged against him.

OSTER INDORSED.

The Board of County Supervisors passed long enough today in the hearing of the charges of negligence against R. B. Herron, bee inspector, to put through a set of resolutions endorsing Justice of the Peace for the position of Justice of the Court of Appeals.

FOR THE PREMIER.

The San Bernardino County Canadian Premier is arranging a reception for Premier Laurier, who is expected to stop off here on his way East over the Santa Fe. Miss Caldwell and her sister, Miss Louise, will be in charge of the stage and playing, while the costumes will be in the hands of Mrs. Henry Fisher. Those interested represent not only the musicians, but the society leaders of the city. The Settlement is Redlands's popular charity and the project promises to be a brilliant success.

HOME WEDDING IN RIVERSIDE.

MISS HELMER THE BRIDE OF A YOUNG LAWYER.

Triangular Real Estate Transaction—Austrian Lover Who Had Never Heard of Marriage License Seek Matrimony and Succeed—Good Start of Prosperous Orange Year.

RIVERSIDE, Nov. 29.—This evening at 7 o'clock, at the home of Mr. and Mrs. W. H. Granger, a most charming wedding was celebrated. The bride, Miss Helmer, daughter of Mr. and Mrs. W. H. Granger, became the bride of Henshel L. Carnahan. In the presence of about twenty of the relatives and close friends of the couple, Rev. Alex Eakin, of the Episcopal church, officiated. The ceremony was a simple one, and was held in the reception hall, which was decorated in green and white, waving potted palms and bunches of fragrant white carnations composing the color scheme. During the ceremony, Miss Helmer, a niece of the bride, played "Carnegie Ambron."

The bride wore a gown of white tulle, a tailor-made French surah silk, and carried a shower bouquet of bride's roses.

Eighteen guests sat down to the wedding supper, Miss Nita Pratt and Miss Florence Helmer, a cousin of the bride, assisting with the serving. At the bride's table, which was graced with a large bouquet of white carnations, were seated Mr. and Mrs. W. H. Granger, her parents, and Mrs. William C. Helmer, her brother, and the bride and groom, immediately after the supper the young couple sped by auto to Colton, where they caught the overland for Los Angeles. They will pass their honeymoon traveling over the southern part of the State, visiting Santa Catalina, Coronado and San Diego.

The bride, though born in Ottawa, Can., has spent most of her life here, and has won for herself a large circle of friends. Two years in the Court-house, as deputy County Clerk, served only to increase and strengthen these friendships. The groom, who came from Illinois about four years ago, has for three years been junior partner of the law firm of Collier & Carnahan.

Mr. and Mrs. Carnahan will be at home at No. 141 Orange Grove avenue after January 1.

LOVE CONQUERS ALL.

John Voeckel and Mabel Clara Greck, two Austrians of Armada, went to Justice Stephenson yesterday morning and asked to be married. Willing enough, the justice asked them to wait a moment, but of such a necessity they had never heard and little understood. After a few minutes of explanation the justice consented to go with them to the County Clerk's office and procure the necessary documents. The bride-to-be was only 16 and the mother's refusal was to be in evidence in writing. Sadly they started back to Moreno, for the needed certificate. At about 5 o'clock they returned, triumphant. The knot was tied.

REALTY DEAL.

A triangular deal, in which \$10,000 is mentioned as the value of each property concerned, was completed yesterday afternoon. William L. and Matilda Scott conveyed to J. H. Cresmer their

handsome home place on Orange street between Seventh and Eighth, valued at \$10,000, and received in exchange, Cresmer's sixty-acre alfalfa ranch on Garfield, one of the finest in the valley. By the second deed, J. H. and Lena E. Cresmer convey the residence property to George E. Ward for the latter's interest in the Riverside planing mill, of which Cresmer & Ward have heretofore been the proprietors.

JUST SO.

The shipping season is now fairly under way, and last week's output was a good starter on a prosperous year. Only seven carloads of lemons were shipped, the thirteen each of the two weeks before making the total for lemons thirty-three carloads.

CORONA.

He was haled before Justice Titus at Santa Paula on one, but secured a change of venue, his case being tried before Justice Greenleaf of Satcoy. Miller was fined \$150 by the Satcoy court. The other charge, a serious one, was tried at Santa Paula yesterday, and Miller was fined \$175 for his disobedience of the law.

WOULDN'T DISMISS.

Justice Boling this morning ignored the request of the District Attorney to dismiss a charge against Peter Andrade and held the latter to appear before the Superior Court, with bonds fixed at \$1000. This case has attracted considerable attention by reason of the array of legal talent engaged. An alleged Andrade cut a man named Priest across the abdomen the night before Christmas. But it was alleged that Andrade had quarrel with Priest, and that he handled a knife or razor in the matter, and was charged with murder. The fact that the blade struck Priest's suspender alone saving him from getting a serious wound. But it was alleged that the trouble had a political bearing and this tended to befog and delay.

Symington secretary, to succeed Mr. Granger.

REFINERY BUSINESS.

Refinery men report that the price of asphaltum is now \$8 to \$10 a ton, according to amount, which price there is a fair demand. Until a few months ago the price was well below \$5 a ton, and it was the lowest price at which asphalt was sold. The price has advanced since then, and is now a very fair business, but in this, in common with the entire oil industry, there is considerable depression.

DISTILLATES STATIONARY.

The price of distillates remains stationary, and shows no sign of advancing, despite some hopeful expressions. The winter is not a good season for engine distillates, there not being as many engines in operation as in the summer, for which reason many refinery men say they hardly look for an advance before spring.

REFINERY CHANGES HANDS.

E. W. Bacon of the Murphy Oil Company of Whittier has acquired the Pacific refinery in this city. The plant is near the Santa Fe.

BUYERS NO MORE SPOT.

BAKERSFIELD. Nov. 29.—[Exclusive Dispatch.] The producers in the Kern River field yesterday received word from operators that the local market will buy no more "spot" oil at present. The Standard has been paying 15 cents for "spot" oil.

It may be stated positively that the Standard secured no contracts at that figure, and the reasons for the orders are construed as a refusal to purchase "spot" oil means that the Standard intends to try to make long-time contracts with producers. Some argue that the refusal to purchase "spot" oil means that the Standard intends to try to make long-time contracts with producers. THE CHICAGO CRUDE COMPANY'S DEEP PROSPECT HOLE.

Important Development Work on Outskirts of Puente District—Refined Asphaltum Produced Cut to the Limit—Distillates Stationary at Seven Cents—Pacific Refinery Sold.

The Chicago Crude Oil and Fuel Company, a local corporation of which Norman F. Marsh of this city is president, has just completed a well near the Puente Oil Company at Rowland Station, on the Salt Lake line, that is already by several hundred feet, deeper yet than that in that field. It is now down between 2300 and 2400 feet, and the drill is still working, the company being determined to ascertain whether oil exists there in paying quantities.

The present work is being carried on under the direction of Dr. D. D. Granger, a director in the company, who refused to give up when the drillers stopped at 1400 feet and declared there was no prospect of getting oil. He then took up the matter and is still hopeful of success.

The wells of the Puente Oil Company amount to a mile away, situated on the hills, are the nearest to the new well, and are about 2000 feet in depth and good producers.
